SUPREME JUDICIAL COURT

Leonard G. Miles and Alice Pledge Miles of Springvale recovered \$112.86 in an action against James Pledge of Norway for services and expenses. Alton C. Wheeler for the plaintiff, E. F. Smith for defendant.

William Thompson, a special officer for the International Paper Co. at Rumford was acquitted of an assault charge, brought by Patrick Arsenault of Rumford. According to evidence Arsenault, a workman in the mill, was found in a helpless and intoxicated condition in an outer room. The night was bitter cold and the special deputy sheriff removed him to warmer quarters. During the transfer, Arsenault claimed he was assaulted and knocked down several times. The defense was a general denial of the usage. Albert Belliveau for the plaintiff, Matthew McCarthy and Ralph T. Parker for the defendant.

Charles H. Dennett of Brownfield secured damages of \$204.93 from the E. E. Dingley Co., Inc., of Portland. The action was for breach of contract in 1921. Sixty bushels of seed corn were delivered to the company for which Mr. Dennett was to have received ten dollars per bushel. Seed was accepted by the agent and shipped to the company. Later the company protested the quality, claiming the seed not up to standard and refused to pay the stipulated amount. Expert testimony was put on by both parties, among the scientific witnesses were Viola L. Morris, biologist of the Maine Experimental Station, and Prof. G. E. Yeaton of Augusta, the corn expert. E. E. Hastings & Son for Dennett; Wm. H. Gulliver for defendants.

The civil cases brought by the Daughters of South Paris vs. Florence Hastings and Leila Tibbitts, both of Auburn, have been continued until the May term. This is suit for damages brought by the widow of Lyman Howard Daugherty, whose death resulted from being hit by an auto owned by Miss Tibbitts and driven by Miss Hastings. Mr. Wheeler is counsel for Mrs. Daugherty, Frank A. Morey and Walter L. Gray for defendants.

The case of Winnie M. Vaughn, administratrix of the estate of Irvin E. Lambert vs. C. E. Richards was controversy over lumber contracts with many allegations of fraud and misrepresentation. The case was non-suited on technical grounds.

Charles H. Pratt of Norway won his case for divorce against his wife, Fannie L. Pratt of Paris, the verdict having been reached late Tuesday afternoon. Adultery was the charge brought by the plaintiff, naming E. Chester Records of Paris as the correspondent. The jury was out two hours and ten minutes.

Mrs. Pratt denied any undue familiarity as alleged and brought a counter-charge against her husband for unfaithfulness while residing in Newburyport, Mass., some years ago. Both sides presented a strong brace of witnesses and considerable testimony was of the unimpeachable kind. A Ford figured prominently in the case against Mrs. Pratt, with many rides to distant points. Certain alleged doings at Biddeford and Woolwich described by Mrs. Mabel E. Elliott of Norway, a star witness for Pratt, were sensational in the extreme. These stories charged Mrs. Pratt and her admirer, Mr. Records, with many indiscreet actions upon which the suit is said to be based. Mrs. Hortense Goff, daughter of Mrs. Pratt, denied the most serious charges of improper conduct at the two places from personal knowledge and observation.

The matrimonial history covering a period of twenty years was dug up and patched into a continuous story, indicating the ship of matrimony had sailed on rough seas almost from the beginning. Mr. Pratt brought charges of unfaithfulness dating back many years with other men who resided in Norway at that time. This trouble was fixed up after a separation and they were united, so the fact had no legal bearing in this case.

Mrs. Pratt's counsel introduced a witness from Newburyport, Mass., who leased rooms to Mr. Pratt and a woman supposedly his wife, who, it was alleged, resided there as husband and wife for some time. Mr. Pratt admitted leasing an apartment for a friend, but said he only boarded there and slept in other quarters. About this time Mrs. Pratt, who had remained in Oxford County, surprised everything was not above board and made a trip to that city where it is charged she secured a deed from her husband for the homestead on Charles Street in Oxford Park, South Paris. William W. Gallagher represented Mr. Pratt and Alton C. Wheeler of South Paris was Mrs. Pratt's counsel.

Fred Kilgore of Norway was made defendant in a suit brought by Lester McAllister of Norway to recover wages as board Sawyer in the defendant's portable mill located at Ryefield Bridge, Otisfield Gore in April, 1917. The mill burned and Mr. McAllister was retained to skilled laborer's wage to do odd jobs until a new mill could be put into operation. After saving was resumed Mr. McAllister found another job and left on short notice with his week's pay to be sent later. The plaintiff claims the amount of about twenty dollars had never been received and sued for the same.

The defendant entered a counter claim for damages as the loss of an experienced Sawyer in that stage of the game worked as a detriment to the fulfilling a logging contract he had made with L. E. and B. G. McIntire of Waterville. Mr. Kilgore said he was unable to secure a Sawyer and was forced to run the board saw in addition to handling the crew in the woods and in the yard. He said ten days would have completed the mill work if Mr. McAllister had remained, as a matter of fact, he was about four weeks on the job under the emergency arrangement.

According to the evidence there was no written contract between the plaintiff and defendant as to the term of service. An oral agreement was not in dispute although the defendant claimed there was a mutual understanding that the plaintiff would stay until the logs were sawed, with chances good for another contract to follow. Mr. McAllister said he left the temporary job for a permanent one and did not understand he was bound by any notice, agreement or other arrangements.

After being out about four hours the jury returned a verdict of \$20.30 in favor of McAllister.

Criminal Matters

Herbert Todd and Ralph Russell of Mexico pleaded guilty to larceny of money from the Mexico High School building. As a breaking and entering charge had been dropped by County Attorney Shaw and a restitution made, the boys were sentenced to ten months in the county jail. Sentence suspended during good behavior. Both to report regularly to Chief of Police John Dennis at Rumford. George Hutchins of Rumford pleaded guilty to larceny of money from the Mexico High School building. As a breaking and entering charge had been dropped by County Attorney Shaw and a restitution made, the boys were sentenced to ten months in the county jail. Sentence suspended during good behavior. Both to report regularly to Chief of Police John Dennis at Rumford.

Erville Fernald of Stow pleaded guilty to negligent shooting. The case was an outcome of a deer hunting trip last fall when the respondent accidentally shot his companion, Harold Eastman. Considering the extenuating circumstances, the young man was fined \$50.00 and ten months in the county jail. Sentence was suspended. Five hundred dollars were given for his appearance at future terms. Alton C. Wheeler appeared in behalf of the young man.

Clyde H. Dorr appeared in court Tuesday on charge brought by Mrs. Dorr, who was charged with divorce from the respondent at the October term. At that time Mr. Dorr was to pay \$12 weekly for the support of three minor children decreed to the libellant. Mrs. Dorr through her attorney George Hutchins stated only five dollars was put on by both parties, among the scientific witnesses were Viola L. Morris, biologist of the Maine Experimental Station, and Prof. G. E. Yeaton of Augusta, the corn expert. E. E. Hastings & Son for Dennett; Wm. H. Gulliver for defendants.

Norway 58; Bridgton 30

Norway High school walked away with Bridgton Academy, at Norway Opera House Friday evening and after the first five minutes the question of Norway's supremacy was never in doubt. Bridgton slipped over eight points before Norway realized the baskets were to shoot in and not at. The visitors opened with a whirlwind and made a good impression, many believed the Academy boys would race away with the contests. Norway soon applied the gas and tied the score, closing the first period with an 18-17 mark in their favor.

The visitors commenced slipping in the second round with Norway rings around the whole field, Bridgton failed to make a basket from the floor and nosed one point on the foul line during the fifteen minutes of play. Result, Norway, 38, Bridgton 18.

Everybody did something during the third engagement. Both teams went at it for points and many floor baskets clicked through the net in quick succession. This was a whirlwind with the visitors closing against big odds. The game closed with a score 58-30 in favor of Norway. Referee Barb Austin kept the game humming and had a lively chase.

While Norway had the ball a greater part of the time, the Academy got the more accurate at the ring and registered a larger proportion of shots, especially the long distance kind. Dancing followed with music by Anderson's orchestra.

Chapman Concert

The Chapman Concert will be given Saturday evening, March 4th at the Norway Opera House. The public are quick to realize what a treat they have in store for them in hearing these famous New York artists. Miss Julia Floyd, the new coloratura soprano who has delighted and astonished her audiences in New York will prove a sensation, not only with her wonderful operatic work, but with her ballad singing as well. Her voice is a most beautiful quality, and she sings with the greatest ease. Mr. Everett Bishop, the baritone, has a voice of most extraordinary beauty, range and power. His solo work will prove a great delight, especially his singing of English ballads and the singing of duets between Miss Floyd and Mr. Bishop have been received with the greatest enthusiasm.

It is hardly possible that Mr. Chapman could arrange to bring the famous Gabriel Engel, violinist here. The New York critics claim his work as a triumph for America, as he stands at the head of American violinists. This past season Mr. Engel has been giving the entire concert alone in New York, Boston and Chicago. Surely this town has never had the pleasure of hearing such a superb artist as Mr. Engel on a Maine tour.

Mr. Chapman's accompaniments have been a feature at these concerts. Tickets are at popular prices.

Several inches of feather weight snow fell Thursday and a stiff wind Friday morning piled up drifts in many places. SOUTH PARIS

Paris' New Valuation Report

Marcel E. Pomeroy and Gardner H. Rankin valuation committees who have for many months been on the work, have made their report. It has been printed and a copy is before us.

It shows a wide latitude of changes and about twenty per cent of land that had not previously been taxed. The value of this is small paying from \$10 to \$500.

It shows a big increase in timber land and a corresponding decrease in farms; village property has increased and manufacturing plants doubled and trebled.

An attempt is made to equalize the burden of taxation, visible property is the careful conclusion of a disinterested commission.

Rheumatism Grows Worse If Neglected

It is a Uric Acid Trouble.

It makes its presence known by local aches and pains, inflamed joints and stiff muscles but cannot be permanently relieved by local applications. Its cause is constitutional and it must have constitutional treatment. Take Hood's Sarsaparilla, which corrects the acid condition of the blood on which the disease depends; makes you feel young again.

"Three doctors said I could not be cured of rheumatism, but at 64 I am still alive, well and strong, thanks to the yearly use of Hood's Sarsaparilla. There is nothing better for rheumatism." C. E. Goodrich, Bolivar, Mo.

ANNOUNCEMENT

The New Durant Car

FOREWORD

The Durant Car is the result of seventeen years' experience in building auto-

mobiles, during which time their operation has been carefully watched in the

hands of over two million owners.

No car ever built is easier to care for and to keep in perfect running condi-

tion. This has been accomplished to avoid the neglect that often occurs when

lubrication points or adjustments are hard to reach.

Everything possible has been done in designing the Durant Car for the con-

venience of the user, and to assure him long and dependable service.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Her-
self Feeling So Well

Taunton, Mass.—"I used to have pains in my back and legs so badly, with other troubles that sometimes I was unable to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it also. I find that I can work in the laundry all through the winter and do all the housework too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and tell them how it has helped me. You can use my testimonial for the good of others."—Mrs. BLANCHE SILVIA, 59 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.
